

Meet Volunteer Solutions *Mini*

VS Mini – Same great features in a smaller version!

We at Volunteer Solutions are committed to being a responsible industry partner

Through our work with local United Ways, Volunteer Centers, Corporations, Universities and others we are constantly striving to advance social and economic well-being through volunteerism. In turn, this enables volunteers nationwide the ability to give back to their community.

As the leader in our industry, Volunteer Solutions recognizes its responsibility to help you equip volunteers with the necessary knowledge of opportunities in their communities.

We at Volunteer Solutions are committed to being a local partner and neighbor in every community where volunteers live and this is why we've unveiled our newest product, Volunteer Solutions Mini, so that ALL Volunteer Centers and United Ways of any size can harness the power of our software for **FREE!**

VS Mini is a “lite” version of the Enterprise Edition, providing much of the common functionality needed to run your Volunteer Center online, including:

- Online agency, opportunity, and volunteer registration
- Referral management
- Online reporting capabilities
- Data Import, Export and Sharing
- File and Image Upload
- Extensive Online Reporting
- Detailed Volunteer Profiles
- Online Agency, Opportunity and Volunteer Registration
- Volunteer Events Calendar
- Ability to Share Data Nationally
- User Control of Site Skins
- And more...

By itself, VS Mini is more advanced and provides greater functionality than any other options on the market today!
